

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

What with the players' strike it is hard to say when the pro football season will get underway this year, but Texas high school football is just around the corner.

Football coaches from all over Texas are in Houston this week for their annual convention that signals the start of another season. It is always only a matter of days after this annual gathering of coaches that football workouts get started.

The Coaches All-Star football game scheduled tonight in Houston will hold more interest for Hamlin fans this year since our own Ray Scifres will be one of the players. It is a shame that the convention could not have been scheduled a little closer to Hamlin this year, like Fort Worth.

We received word this week that another player off of last year's Piper football team will be playing in an All-Star game Aug. 10. Steve McKissack has been selected to play in the Greenbelt Bowl Football Classic set in Childress.

Football workouts will start here Monday, Aug. 12, with the fans getting their first good look at this year's Pipers when they scrimmage Seymour here Aug. 23.

For the sake of both the players and the fans we hope that things begin to cool off by the time workouts get started.

The following column on What Is A Little Town is making the rounds of West Texas weekly newspapers and it seems worth passing along.

WHAT IS A LITTLE TOWN? A little town is where you don't have to guess who your enemies are. Your friends will tell you.

A little town is the only place on earth where people middle aged are called by their first names when they saunter down the street.

A little town is where everybody knows everybody else's car by sight-and also where and when it goes.

A little town is where few people can get away with lying about the year they were born. Too many other people can remember it.

A little town is where people with various ailments can air them properly for sympathetic ears.

A little town is where, when you get the wrong number, you can talk for 15 minutes anyhow, if you want to.

A little town is where the ratio of good people to bad people is something like 100 to one. That's nice to remember.

A little town is where it is hard for anybody to walk to work for exercise because it takes too long to stop and explain to people in cars who stop, honk and offer a ride.

A little town is where city folks say there is nothing to do, but those who live there don't have enough nights in the week to make all the meetings and social functions.

A little town is where everyone becomes a "Neighbor" in time of need.

A little town is where you don't have to lock your door every time you leave the house.

A little town is where many teenagers say there's nothing to do and then are surprised to learn that their big-city peers are saying the same thing.

A little town, when all is said and done, is a nice place to live.

REMEMBER WHEN?—While it may be beyond the memory of the younger folks, it has rained in Hamlin before. In fact, three years ago, Aug. 15, 1971, Hamlin suffered a major flood with water backing into several houses on the South side of the city. Rainfall recorded that day was 3.44 inches. Rainfall for 1974 has only been recorded at 7.75 inches. Average rainfall at this time is 14.5. The highest rainfall recorded this year was 1.97 on Apr. 21 when hail preceded showers.

Higher Oil , Gas Prices Increase County Income

Current higher prices for crude oil and natural gas produced in Jones County point to a significant jump in 1974 income for county land and royalty owners who last year received \$1 million as their share of the county's output, according to a study by Texas Mid-Continent Oil & Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price rollback schemes and other tax-and-

control proposals now under way in Congress be successful, current economic gains will evaporate," Hunt said.

The Association's study shows that crude oil and natural gas produced last year in Jones County was valued at \$8.2 million, ranking the county 119th in the state. Crude oil production of 2.1 million barrels was valued at \$8.1 million and 567.6 million cubic feet of natural gas at \$107,851.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$372,097 in oil production taxes and \$8,089 from natural gas.

Also adding to the dollar flow in the county last year were these factors:

—Drilling activities, on which producers spent \$819,308 in drilling 42 wells, \$430,836 of which was lost in 28 dry holes. Successful completions amounted to 14 oil wells.

—Payrolls, which amounted to \$1.4 million paid to 203 workers, according to Texas Employment Commission figures.

The Association's study shows that crude oil and natural gas produced last year in Fisher County was valued at \$36.6 million, ranking the county 50th in the state. Crude oil production of 9 million barrels was valued at \$34.4 million and 11.8 billion cubic feet of natural gas at \$2.2 million.

Also adding to the dollar flow in Fisher county last year were these factors:

—Drilling activities, on which producers spent \$906,092 in drilling 38 wells, \$184,644 of which was lost in 12 dry holes. Successful completions amounted to 26 oil wells.

—Operation of other oil and gas facilities, including two natural gasoline processing plants with 24.9 million cubic feet per day capacity.

McMurry Exes Honor Bonds At Houston

David Bonds, who coached the Hamlin Pied Pipers to the State Quarterfinals last football season, has been named McMurry's Alumni Coach of the Year.

The award was presented at a luncheon in the L-C cafeteria in Houston Tuesday. Bonds is a 1965 graduate of McMurry and is starting his third season as coach of the Pipers. During his two season here his teams have captured the district title both years, going to the Regional playoffs the first year and to the Quarterfinals the second year.

A Civil Liberties Union lawsuit is threatened to delay the September 17 state Democratic convention for two days to avoid a conflict with the Jewish New Year observance, Rosh Hashana.

Livestock Deadline Today—

16th Annual County Fair Set In Anson August 15-17

Today, Thursday, is the deadline for entries in the livestock divisions of the Jones County Fair, according to Jack Anglin, president. The 16th annual exhibition will be held in Anson August 15-17.

Today's deadline applies to all livestock entries except for the horse show. In the horse show on the final day of the fair, entries will be accepted up to opening time on Saturday morning Aug. 17.

The fair directors will meet again Monday before the fair to finalize the arrangements for all phases of the fair, Anglin said.

A dog show has been added to the opening day program of the fair with Jack Wood as superintendent and entries are due in the office of the County Agent Kirby Clayton by today. Clayton is secretary of the fair and he can supply entry blanks and information.

Tentative plans for the Cotton Queen Review and coronation Friday night may change the event from Pioneer Hall to an outdoor site, possibly the rodeo arena, it has been indicated.

Another possible change is being considered for the Home Demonstration Club's booth to include bingo games and other contests.

The Young Farmers will have their usual food and

drink concession stand.

Featured events on the fair program will be the opening grand parade Thursday afternoon, a play night in the arena Thursday night, the

queen coronation Friday night along with the show and women's department exhibits Thursday afternoon and all day Friday and the horse show Saturday.

School to Start Here August 19

Hamlin Public Schools will start classes Monday, Aug. 19.

Students in high school and junior high school will register Aug. 15 and 16.

High school students who have moved into the Hamlin School District and have not pre-enrolled are to report to the high school office any time from 9 a.m. to 3 p.m. during the week of Aug. 6-10 to receive schedule and other information.

Junior high school students who are new to the Hamlin system should bring grade records, a cleared book card, and a complete immunization record to the school when they register.

The registration schedule is as follows: Aug. 15, seniors, 9

a.m. to 10:30 a.m.; eighth grade, 10 a.m.; juniors, 1 to 2:30 p.m.; seventh grade, 1:30 p.m.; Aug. 16, sophomores, 9 to 10:30 a.m.; sixth grade, 10 a.m.; freshmen, 1 to 2:30 p.m.

An increase in price for lunches in junior high and high school will be increased to 70 cents.

Kid's Crusade Starts Monday

The First Assembly of God Church will hold a Kid's Crusade beginning Monday, Aug. 5 and continue through Friday, Aug. 9. Meetings will be held from 9 a.m. till 12 noon. Refreshments will be served each morning.

Teacher for the Crusade will be Maureen Short of Abilene.

Buses will run to provide transportation for all children who wish to come; and will start their rounds at 8:30 each morning. Anyone who would like to ride the bus may call 576-2288.

All children are invited to attend.

Ex-Student Officers Hold Meeting Here

Officers of the Hamlin Ex-Student Association met Monday evening in the home of the president, John D. Ferguson Jr.

Plans were started for the annual Homecoming to be held Oct. 11 and 12. The football game Oct. 11 will be with Winters.

Plans are being made for the usual chili supper on Friday evening (Oct. 11); parade and noon barbecue on Saturday (Oct. 12).

Attending the Monday evening meeting were C. L. Whitc, Mrs. Robert Fowler, Mrs. Richard Mullins, Laura Tucker, Mrs. Jack Vaughan, Mrs. John Ed Day, Mrs. C. R. Reynolds Sr., Mrs. Jack Wicker and Mrs. Ferguson.

Mr. and Mrs. Noble Johnson and Rob of San Diego, Calif., visited Wednesday through Friday with his brother and family, Mr. and Mrs. Vernon Johnson, Mark and Melinda.

LARRY CALVIN
... to lead meeting

Church of Christ Sets Gospel Meeting Here

A gospel meeting at the Hamlin Church of Christ, Southwest Ave. A at West Lake Drive, will begin Sunday and continue through Friday with Larry Calvin of Fort Worth as the preacher of the series.

Sunday services are Bible study for all ages at 9:45 a.m., morning worship at 10:40 and evening service at 6.

Two services will be held daily Monday through Friday beginning at 10 a.m. and 7:30 p.m. each day.

Mr. Calvin is minister of the Church of Christ in Godley. He and his wife, Joan, have two children, Jim 6, and Laurie, 4. He has worked with several congregations in the Fort Worth area and also teaches language arts in the Everman school system.

He has done extensive work among young people in the Fort Worth area.

He received an A.A. degree from Fort Worth Christian College and a B.A. degree in Bible from Abilene Christian College. He completed his master's in communications at ACC last summer. He is preparing a book on the preaching of Horace Busby, a long time evangelist, well-known among the churches of Christ in Texas and throughout the country. Material for the book is taken extensively from the material used in his master's thesis.

Several nights during the week have been designated for congregations in the immediate Hamlin area. Hamlin friends are extended a special invitation for each service, says the local minister, David Giddings.

Thursday evening will be a special service for young people and all Hamlin youth are urged to attend.

Midwest Sets Meeting In Snyder Today

Midwest Electric Cooperative will hold its annual meeting and barbecue at the Scurry County Coliseum in Snyder. Registration will begin at 6:00 p.m. today, Thursday.

Directors will be elected and prizes will be given.

Ray Farabee, Democratic

nominee for the state

legislature, will be the guest

speaker for the event.

Pool to Close Here Aug. 10

The Hamlin Swimming Pool will close Aug. 10, according to Mrs. Ellis West, manager.

The pool is open Monday through Saturday from 1:30 to 6 p.m. and is available evenings by appointment for parties. Mrs. West is to be contacted to reserve the pool.

Cheryl Baker Attends National Safety Meeting

Cheryl Baker, a member of the Hamlin High School Student Council, recently returned from the sixteenth National Student Safety Conference which brought together student leaders from the entire nation.

Awards were presented to 17 schools winning the 1973-74 Outstanding Safety School Award for the Texas Student Council District Association. The student representative from each of the winning schools received an expense-paid trip to the national conference held in Oxford, Ohio, at Miami University, July 14-17.

The Texas Youth Safety Program, initiated in 1972 as a joint effort of the Governor's office of traffic safety and the Texas Education Agency, the Texas Association of Student Councils and the Texas Safety Association, is designed to operate through the Texas Association of Student Councils.

TEA furnishes school districts with suggested safety projects and the TSA furnishes activity packages with which to conduct the projects.

"Safety—Serve It Well!" was the theme of the national conference. Among the topics discussed were motorcycle education, driver education, bicycle education and hitch-hiking.

Accidents remain as the leading cause of death and injuries among school students and young adults. The program is an attempt to channel the energy and leadership of young people in the reduction of the number of accidental deaths and injuries to themselves and their classmates and to contribute to their own safety and safety of others.

Cheryl, an HHS sophomore, is the daughter of Mr. and Mrs. Eugene Baker.

Members of the Texas delegation wore western straw hats. These were presented to students of the winning Texas schools as

FROM THE FILES . . .

FIFTY YEARS AGO
(August 1, 1924)

A few days ago Buck Koonce returned from a trip to Fort Smith, Ark., and on Monday of this week, he had a remarkable story concerning the record of his 1919 model Buick. He says that he went 512 miles on 17 gallons of gasoline, and a pint of oil. He drove his "old 5 passenger Buick" from Hamlin to Ft. Smith, carrying seven passengers and the baggage, did mountain climbing and other stunts remarkable.

The OK Wagon Yard, formerly occupied by Virgil Clark, deceased, has been converted into a real up-to-date "Horsepital" and Dr. Jones, the Vet.-Surgeon, is the owner. A large two deck barn has been erected. There is a place for feed. There is a place for well mules and horses and there is a place for sick or crippled animals. Not all improvements are done yet, but are being finished very fast.

What we want NOW is a good rain. A two inch rain falling over all the country for a period of two days would "cool" things off a bit. Many vexing foolish troubles would be forgotten. There is a fine prospect for a big crop and with one more good season it would be assured.

TWENTY YEARS AGO
(July 30, 1954)

Proof that Hamlin is continuing to grow at a steady clip was revealed this week in a survey made by the Herald. Twenty-three new homes have been completed during July or are under construction at this time in the city limits. Several of them are homes costing more than \$10,000.

Still further home construction is in the picture for the remainder of the summer, according to contractors and lumber yard dealers of the city.

City tax valuations as adjusted by an equalization board for the City of Hamlin are being completed this week, and property owners will be

notified of new valuations within the next several days, city officials declared.

As has been common knowledge for several years, property valuations for city taxes have been much out of line with comparable cities. Valuations, for example last year were \$2,750,000 for the City of Hamlin. In comparison Anson, with one fourth less population, has had valuations more than a third greater than Hamlin. Stamford, with one-third more population, has had valuations of nearly four times as great as this city's.

The equalization board, composed of John C. Bryant, L. H. McBride and Delma Shelburne, found many pieces of property valued at only about 10 per cent of its value, while in a few instances found some over-valued.

Following the adjustments, a general 25 per cent increase in valuations is contemplated for the 1954 renditions. The increases are made mandatory for operation of the city for another year, city officials declare.

TEN YEARS AGO
(July 30, 1964)

Farmers were standing in the corridors Monday, waiting their turn before the Jones County Equalization Board. They wanted to protest the valuation placed on farm or ranch land owned by them.

The commissioners court is sitting as the appeals board, following a revaluation program, carried out under contract with McMorries and Co. of Amarillo. Hearings on town property owners who appeared before the board was comparatively light; this has not been so with farmers and ranchers.

For the most part, differences appear to be over classification of land for tax purposes. Eight different classes were used, with the value of No. 1 farm land set at \$150 per acre and other classes graded downward.

A DAILY INCIDENT!

Hardly a day passes without the newspapers reporting an automobile accident. Lives are lost and bodies maimed due to careless driving on our streets and highways.

Another daily incident which the newspapers often do not report, and to which others are indifferent, is the ruining of lives and character in the wretched, uneducated, and poverty-ridden parts of the great cities in our land. There are those who despair of ever getting out of their situation and so despondency sets in and a lack of desire to strive for worthy goals enters the spirit.

A loving God would have us aware of these whose lives, self-respect and character could be saved — if we were interested enough.

God often impresses the needs of His children upon those who attend His church. It is His will that we should show forth the love of God for mankind by helping all who are suffering.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Indemnity Approved Now For Brucellosis Reactors

Texas cattlemen will now be able to receive federal indemnity payments from the U.S. Department of Agriculture for brucellosis reactors in their breeding herds when the infected animals are marketed for slaughter.

According to Kirby Clayton, county agent for the Texas Agricultural Extension Service, the indemnity will be paid only on reactors found in official herd tests—not in tests at sales yards.

The decision to make the payments was made at the request of the Texas Animal Health Commission to strengthen efforts to eradicate brucellosis in the state.

All states are now participating in the brucellosis indemnity program, points out Clayton. At present about 99 per cent of the nation's cattle are free of the disease, but the remaining one per cent continue to threaten the livestock industry. A large percentage of the infected herds are in southern and southwestern states, adds Clayton.

The indemnity—\$50 on grade cows and \$100 on registered cows and bulls—will be paid on reactors bled on or after July 1. No indemnity is allowed for grade bulls, steers or spayed heifers.

Reactors will be branded with the letter "B" on the left jaw and will be tagged in the left ear. They must go to slaughter directly after the test.

According to Clayton, indemnity claims will be initiated by state or federal regulatory officials or accredited veterinarians. First indemnity payments may be delayed several months after claims are received, but such delays should be eliminated once the program becomes established.

Mother Dies In Las Vegas

Mrs. Mabel Edna Shearer of Las Vegas, N. M., mother of Frank Shearer, died Saturday in Las Vegas where she had resided since 1924.

Mrs. Shearer, 83, was buried Tuesday. She was preceded in death by her husband, Charles V. Shearer, in 1969.

Survivors include six daughters and two sons.

Mr. and Mrs. Shearer, owners of Frank's TV, left after receiving word of his mother's death.

A School Land Board oil and gas lease sale is set for October 1.

Outdoor Enjoyment Is An Inside Story

For easy outdoor eating, the inside story on cooking up a great meal without going through a grilling experience is indoor cooking!

You'll keep your work down to a happy minimum and make sure the meat's natural goodness is sealed in and the fat drained off, when you use an open electric rotisserie. To make sure you'll have little to beef about, some are made to be smokeless and spatter-free, such as the "Open Hearth" models from Farberware.

Available in two sizes, each will broil hamburgers, steaks or chops as well as rotiss anything from chicken to ribs. Another cool feature is the air circulation around the stainless steel body—helps the appliance keep its cool and makes clean-up a snap.

You might find more food for thought in this rotisserie recipe for an Oriental meal American style.

BEEF TERIYAKI

- 1 (3 1/2 lb) rump roast
- 1 medium onion, finely chopped
- 1 clove garlic, crushed
- 1/2 cup soy sauce
- 1/4 cup dry white wine
- 1/4 cup water
- 1 tablespoon sugar

- 1 tablespoon vegetable oil
- 1/4 teaspoon ground ginger
- Water
- 2 teaspoons cornstarch

Place roast in bowl. Mix together onion, garlic, soy sauce, wine, 1/4 cup water, sugar, oil and ginger; pour over roast. Cover bowl securely. Marinate at least 3 hours to overnight in refrigerator, turning occasionally. Drain, reserving marinade. Preheat Farberware "Open Hearth" Broiler/Rotisserie (either size). Balance roast on spit, securing with holding forks. Place spit on spit supports so roast is as close to heating element as possible without touching it; turn ON motor. Roast about 1 hour 20 minutes or to 140°F. on meat thermometer. (Meat is most tender if served rare to medium rare.) To reserved marinade add water to make 1 1/2 cups. Stir in cornstarch until smooth. Heat to boiling and boil 1 minute or until thickened. Serve with thinly sliced roast. Makes 4 to 6 servings.

If you give a warm reception to cooking in the round, you'll be better able to beef up your barbecues without getting all hot and bothered!

FULL PAY WHILE YOU'RE LEARNING.

IT PAYS TO GO TO MEETINGS.

Services Held In Jayton for Clyde Jackson

Clyde Jackson, 65, of Jayton, shop foreman for Hall-Wild Chevrolet in Jayton, died at 9 p.m. Thursday in Fisher County Hospital in Rotan where he was rushed after suffering a heart attack at the Jayton Fire Station.

Mr. Jackson had been Fire

Chief at Jayton since 1948. He had lived in Jayton since 1941. He was a member of the Methodist Church.

Services were held at 4 p.m. Saturday in the Jayton First Baptist Church. The pastor, the Rev. Truett Kuenstler and the Rev. Bill Parks, pastor of the United Methodist Church, officiated. Burial was in Jayton Cemetery.

Survivors include his wife, the former Eda Irene Magill; two sons, Delton of Hamlin

and Edwin of Snyder; a sister, Mrs. Cliff Lone of Jayton; and five grandchildren.

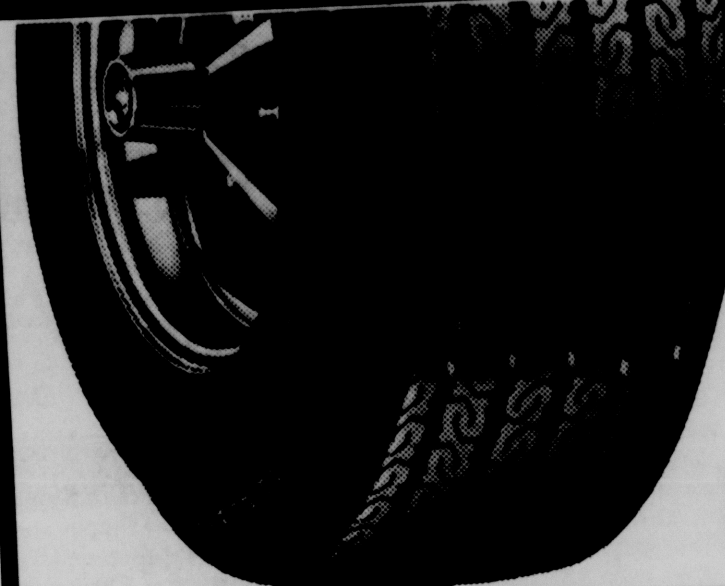

DROUTH RELIEF SOUTH — Texas Water Rights Commission ordered the City of San Angelo and San Angelo Water Supply Corporation to begin releasing water from Twin Buttes Reservoir to flow down the dry Concho River.

In a two-step effort to relieve drought conditions along the Concho and the Colorado between confluence

of the Concho and San Saba rivers, the Commission also ordered all irrigators in that section to stop irrigating until further notice. The section borders Concho, Coleman, McCulloch, Brown, Mills and San Saba counties. Steps followed a hearing on complaints by domestic and livestock water users on the Concho and that portion of the Colorado.

Not satisfied with salary raises delayed until next year, state employees said they still want a special legislative session to get inflation relief now.

BIG MILEAGE for the money!

NEWS FROM
McCAULLEY
By MRS. FRED KEMP

Mr. and Mrs. Frank Kemp and James, Glen Pippin and Ronnie Williams attended the Avants Reunion at Christoval this weekend. They report a very good outing with about 90 relatives and friends. Mrs. Beatrice Kemp went as far as San Angelo where she stopped to visit Mrs. Sidney Harwood, a niece.

Albert Hennington is improving since surgery last week in Abilene. The Henningtons had their reunion at a motel in Abilene this past Sunday so that Albert could attend.

Mr. and Mrs. James Smart and son Kenny and Tracey Dowell visited Mr. and Mrs. Larry Smart and Jamie of Lometa last week. Tiny Ann Smart kept things in order at home while they were away.

Carla Young has just returned from a visit to Houston. She was brought home by Martha Alexander and daughters Suzanne and Gretchen who spent several days visiting the Bill Youngs. Gretchen and Suzanne are having trouble getting used to living in such a large city after growing up around Breckenridge and McCaulley.

Mr. and Mrs. Charles Ferguson have grandchildren, Barry and Marty Ferguson of Spur visiting. I am sure Charles will give them a few tips on farming and keeping house while Gloria Lee works.

Mrs. Levi McCollum kept the Cunningham Insurance Agency in Hamlin in operation while the Cunninghams were away last week. She and the Pickens family will make their vacation trip to Florida next Monday. Larissa Ann Pickens, Mrs. McCollum's granddaughter of Seymour, is visiting here this week.

Alton Hawthorne and Jonell Coleman are helping get the school buildings in order for the fall session. I suppose David Riggs and Aletta Hawthorne just had more than they could get done. They have been working all summer painting and renovating the rooms.

Mr. and Mrs. Bill Guinn have more grandchildren visiting this week. The Douglas boys—Dusty, Derrel and Dee—sons of Dorothy and John Douglas of Big Spring are here. Also Guinn Burks of Crane and Keith Guinn of Clovis, N. M. Mr. and Mrs. Eddie Earl Smith, Jeff and Jennifer of Huntsville were weekend guests in the home of Mr. and Mrs. Armond Smith. Jeff is spending this week with his grandparents. Also guests in the Smith home Saturday night were Mr. and Mrs. Elton Allison of San Angelo. They also visited Sunday with Mrs. Allison's mother, Mrs. J. F. Maberry who makes her home with the Albert Maberrys.

Jim Ben Holcomb and his wife Ann Holcomb and daughter Angela of Gladewater visited Mr. and Mrs. Fred Kemp Sunday. They had been to Taos, N. M. where Angela had been in camp this summer. They reported many farms were not planted and others with sparse crops due to drought.

Mrs. Iva Fancher has her great-granddaughter, Janice Spence, of Smyer here for a visit this summer.

GREASE FACTS
Research shows us that most homemakers consider grease their number one cleaning problem. We've broken down the mystery of this sticky, slippery stuff and here are some facts on how to deal with it:
Natural grease-like cooking oils and food fats—collects mostly in the kitchen, on counters, range tops and hoods, cookware and plasticware. Petroleum-based grease, used in lubricants and other as-sorted tools. Both are necessary, yet become sticky problems at cleanup time.

Just as there are two types of grease—natural and petroleum—there are two types of

surfaces it's attracted to—hard and soft. Whatever the source or surface, it's a headache to get rid of! To lift grease, squirt new, full-strength Grease relief on a wet sponge and wipe clean. Apply it directly to pots and pans before washing and add it to regular wash water to boost the cleaning action on dishes and hard-to-clean plasticware. Grease spots on soft items, such as shirt collars and cuffs, kitchen towels and potholders, come clean, too, with a squirt of Grease relief just before washing, then toss them in with the rest of the laundry.

Spotlight on HEALTH!
Health & Beauty Briefs
Another reason for keeping weight down is offered by a publication for physicians. "Obesity causes many painful problems," the article notes. Among them are athlete's foot, corns, calluses, and arch problems.

Hair dye to cover the gray should not be used more often than once every three weeks, unless care is taken to dye only new growth. Temporary rinses, shampoos, or color sticks help conceal new growth of gray hair between dyeings.

In a chapter on skin care for men, a dermatologist

writing on skin and hair suggests that males apply a moisturizing cream at night and after being out in the sun.

A physician reporting at a symposium on obesity suggested that if a patient is asked to eat more slowly, take smaller bites, and learn how to enjoy his food more by savoring it, he may cut down on his food intake.

Day-to-Day,
it's the
best savings
account
in town.

Abilene Savings
highlights its
Day-to-Day
insured
savings.

Immediately available

In our Day-to-Day account your savings are immediately available. You can deposit any day and withdraw any day without penalty, delay, or loss of interest. In our Day-to-Day account you always have money available for the expected or the unexpected need, while your savings are earning more money for you each day. (True, we offer some what higher interest rates on insured term accounts but these require deposits to remain for fixed periods of time as compared with the immediate availability of our Day-to-Day account.)

Always earning you money

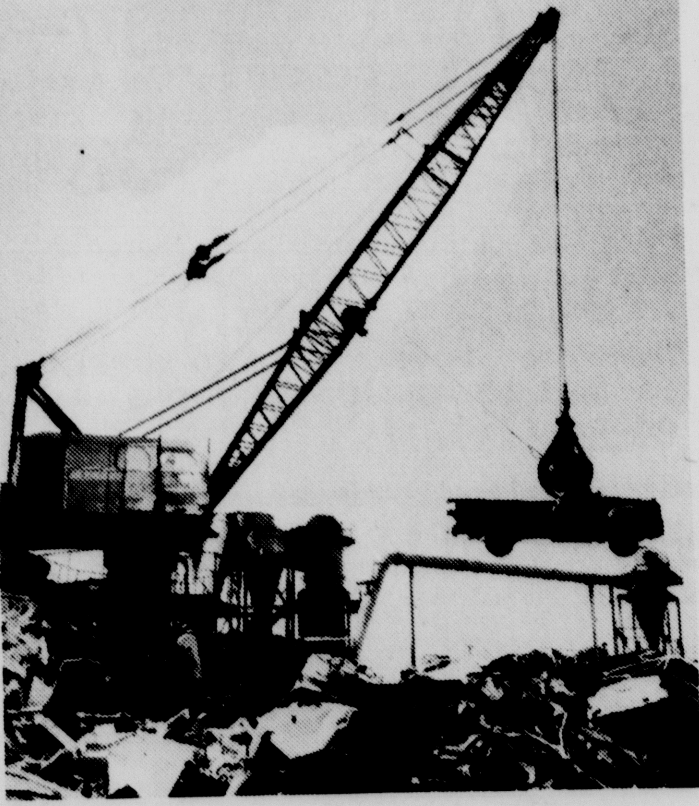

Every day that your savings are in our Day-to-Day account you are earning interest, compounded daily from the very first day of deposit to the last day of withdrawal. And in our Day-to-Day account we pay you the highest interest allowed on this type of insured savings.

We work with you

We make it easy as well as convenient for you to save with us. We have five locations in the Abilene area. One is sure to be near you. We can also arrange for your savings deposits and withdrawals to be handled by mail or phone. Call our savings counselors at any of our offices to assist you in setting up the best savings plan for your needs.

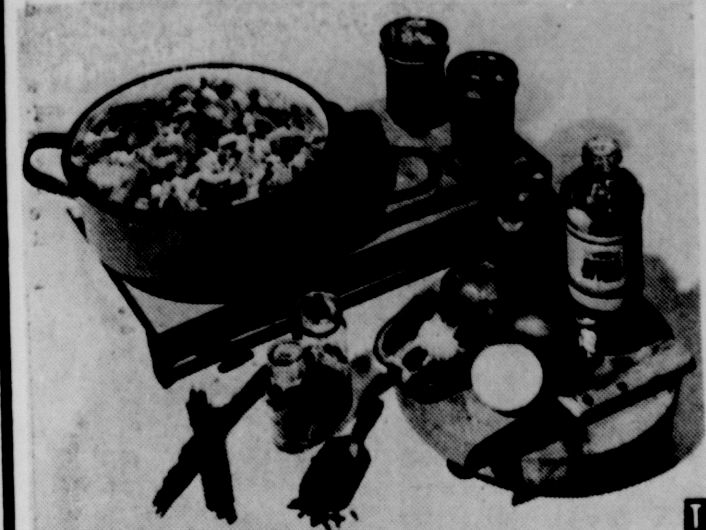

THE ELECTRIC JUNKIE PULVERIZES PICK-UPS

This electric cut-up makes hash out of hacks. It swallows junk cars and trucks whole and shreds the metal for recycling. More than one-half of the newly patented machines to clean up the environment are electric. By 1977 it is estimated that 10 percent of our electricity will be used for this purpose.

Electricity from the member-owned Midwest Electric Cooperative provides power to improve the ecology while Helping Texas Grow.

MIDWEST
ELECTRIC COOPERATIVE

A RECIPE TO RELISH

When it's time to put up tomatoes, consider turning some of the crop into Tomato Relish. The recipe here calls for light corn syrup which gives the right amount of sweetening without watering the mixture.

TOMATO RELISH

- | | |
|-------------------------------|------------------------------|
| 3 pounds ripe tomatoes | 1 tablespoon salt |
| 3 medium onions, chopped | 2 cups cider vinegar |
| 1 large green pepper, chopped | 1 tablespoon mustard seed |
| 1 cup Karo light corn syrup | 1 1/4 teaspoons whole cloves |
| | 1 1/4 teaspoons celery seed |
| | 2 (3-inch) sticks cinnamon |

Dip tomatoes in boiling water just until skins are softened, about 1 minute. Remove skins and stem ends; coarsely chop. Place tomatoes, onion, green pepper, corn syrup, salt and vinegar in 4-quart saucepan or kettle. Tie mustard seed, cloves, celery seed and cinnamon in cheese cloth; add to vegetable mixture. Bring to boil over medium heat; reduce heat and boil gently, stirring occasionally, about 2 hours or until mixture thickens. Remove spice bag. Leaving 1/4-inch head space, ladle into clean hot 1/2 pint jars with 2-piece metal caps. Seal following jar manufacturer's directions. Process in boiling water bath 10 minutes. Cool on wire rack or folded cloth. Label and store in cool dry place. Makes about 5 (1/2 pint) jars.

A COOLING TREAT

On hot summer days you'll want to keep your cool—especially if you're a weight-conscious person with a desire for a quick and easy to prepare frozen dessert.

Here is a choice of three new Weight Watchers recipes featuring the new Weight Watchers Frozen Dessert in new Family Pleasing Flavors. The Tri-color Parfait, pictured above, provides a colorful topping-off to any luncheon or dinner, particularly for strawberry lovers. The Mint Frappe requires blending of only three ingredients. The Peppermint Sundae looks as cool as it tastes.

TRI-COLOR PARFAIT

- 1/4 cup strawberries
Artificial sweetener to taste, if desired
1 3-ounce net weight serving Weight Watchers Frozen Dessert
1/4 cup blueberries

Slice strawberries and place in sweetener, if desired, in parfait glass; add Frozen Dessert. Pack firmly and top with blueberries. Makes 1 serving.

MINT FRAPPE

- 1 3-ounce net weight serving Weight Watchers Frozen Dessert
2 teaspoons Mint Extract
1/4 cup Skim Milk

Blend Frozen Dessert and extract. Gradually add milk until smooth. Great after dinner drink. Makes 1 serving.

PEPPERMINT SUNDAE

- 1 3-ounce net weight serving Weight Watchers Frozen Dessert
1 drop red or green food coloring
1/4 teaspoon Peppermint Extract
1/4 teaspoon water

Mix extract, water and food coloring together then pour over Frozen Dessert. Makes 1 serving.

Bridge Winners

and Mrs. E. Lillius, and Helen Virdine and Pate Willingham, all of Abilene. Fourth place went to Mrs. Ray Sonnenburg and Preston Morrow of Rotan.

SAFETY SHOE HEADQUARTERS

You're looking at a pair of the most long-lastingly comfortable work boots ever built. And the most popular. Sizes 5 through 15, A to double E. Come see. You may wear 'em out eventually—but you'll have to work at it.

RED WING

HEIDENHEIMER'S

PLAN A PAPER ANNIVERSARY PARTY

Whether you're celebrating your first anniversary (the year for paper presents) or your fiftieth (the golden one) it's always preferable to have a party that's easy to prepare and as pleasant for the hostess (particularly if she's a new bride) as it is for the guests.

If you were one of the many warm weather brides you may want to put it all outdoors, so plan to serve food that will easily fit into such surroundings, and decorate with crepe paper and pretty Japanese lanterns. Serve in sturdy, moisture-resistant paper plates, from Chinest.

One delightful dish that can be made in advance, frozen for the future, and served either hot or at room temperature is this quick, chic, Quiche Lorraine-like pie.

Sausage-Cheese Pie

- 1/2 pound pork sausages, cut in 1/4 inch slices
1-8 inch pie shell (you can buy it ready-made)
3 eggs, slightly beaten
1/2 cup milk
2 tablespoons bourbon
1 tablespoon lemon juice
1/2 teaspoon salt
1/8 teaspoon pepper

Preheat oven to 375 degrees F. Cook sausage slices until browned. Drain well and spread over bottom of

pie shell. Add grated cheese. Beat eggs with remaining ingredients and put into pie shell. Bake 40-50 minutes until knife inserted in center of pie comes out clean. Makes six main dishes or 12 hors d'oeuvre servings. If you're serving at room temperature, remove the pie from the refrigerator about an hour before you serve it. If you want to serve it hot, place frozen pie in preheated 500 degree F. oven and bake it for 35-40 minutes.

As an accompaniment here's a big hit of a punch idea that's so simple, the most delicate American Beauty can create it easily.

"American Beauty" Punch

- 3 fresh roses
1 cup lime juice
1/4 cup superfine sugar, or to taste

- 1 bottle (4/5ths of a quart) gin or vodka, chilled
2 large bottles tonic water, chilled

Cut all but one inch of stem off roses. Arrange in a moisture-resistant Chinest bowl that's about five inches in diameter and at least two inches deep. Gently pour in enough water to cover stems. Freeze, so the roses are held in place. Add water to cover roses and freeze. At serving time, stir lime juice and sugar together in a punch bowl until the sugar dissolves. Add the gin or vodka and stir. Tear the Chinest bowl off the roses mold (there's no unmolding to worry about) and put the frozen roses into the punch bowl. Add tonic water. Stir lightly. Serve over ice. Makes 18 servings.

Neinda Philosopher Figures Out How to Become A Successful Writer

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks he has detected another trend, his letter this week indicates.

Dear editor:

I don't know if you've noticed it but a pattern seems to be forming by lawyers associated with the Washington mess when they get caught, convicted and disbarred.

They all take up writing. It's a fact, Agnew,

McGruder, Colson, Dean, and numerous others, having lost their law licenses, have now taken up writing and you get the impression that a first requirement for pursuing this literary profession is disbarment. First you get a law license, then you get a government job, get convicted of perjury, then get disbarred, and you're all set, with publishers standing by offering you a contract. For beginning writers however I'd like to point out there are certain details you have to respect and pitfalls to avoid if

you want to become a full-fledged writer.

For example, take the third step mentioned above, perjury. You can't lose your license and get disbarred just for lying. You've got to get caught lying. Becoming a writer is not as easy as falling off a log, you know. Furthermore, you can't be just anything and get caught lying and become a writer. Congressmen have proved that over and over. Editors of some of the biggest newspapers in the country have tried it for years and

they've never become writers. Avoid such pitfalls.

My advice to young people wanting to become writers and have their books published is to forget them English courses, get into law school, pass the bar exam even if you have to hire somebody to do it for you, and head for Washington. Better hurry, though. At the rate the convictions and the books are piling up the fad may die out and another book by another Washington fellow will be a glut on the market and you might have to just stay in jail reading Pilgrim's Progress.

Yours faithfully,
J. A.

Visitors in the homes of Mrs. LaFoy Patterson and Mr. and Mrs. Sam Mack Hodges over the weekend were Rev. and Mrs. Mike

Homemaking Teachers At Conference

Hamlin High School's Homemaking teachers, Mrs. Pat Willoughby and Mrs. Joe Wayne Carter are in Dallas this week attending the State Inservice Conference sponsored by the Homemaking Division of the Texas Education Agency.

Registration began Monday at the Statler-Hilton Hotel with the first general session beginning at 8:30 a.m.

A newsletter from the Vocational Homemaking Teachers Association of Texas stated, "Mrs. Elizabeth Smith, Director of Homemaking Education, and her staff have planned a really 'now' conference with an entirely new approach. The conference will take a microscopic view of students and others worked with in our multi-cultural society. Specialists from all over the country will serve as discussion leaders."

The conference will close after area meetings Friday morning.

Mrs. Jean Backman, Homemaking teacher from Spur, accompanied the Hamlin teachers.

Classified deadline is 8:30 a.m. Wednesday.

GOSPEL MEETING

AUGUST 4 — 9

SUNDAY:

10:40 a.m. and 6:00 p.m.

MONDAY—FRIDAY

10:00 a.m. and 7:30 p.m.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

What with the players' strike it is hard to say when the pro football season will get underway this year, but Texas high school football is just around the corner.

Football coaches from all over Texas are in Houston this week for their annual convention that signals the start of another season. It is always only a matter of days after this annual gathering of coaches that football workouts get started.

The Coaches All-Star football game scheduled tonight in Houston will hold more interest for Hamlin fans this year since our own Ray Sciffes will be one of the players. It is a shame that the convention could not have been scheduled a little closer to Hamlin this year, like Fort Worth.

We received word this week that another player off of last year's Piper football team will be playing in an All-Star game Aug. 10. Steve McKissack has been selected to play in the Greenbelt Bowl Football Classic set in Childress.

Football workouts will start here Monday, Aug. 12, with the fans getting their first good look at this year's Pipers when they scrimmage Seymour here Aug. 23.

For the sake of both the players and the fans we hope that things begin to cool off by the time workouts get started.

The following column on What Is A Little Town is making the rounds of West Texas weekly newspapers and it seems worth passing along.

WHAT IS A LITTLE TOWN? A little town is where you don't have to guess who your enemies are. Your friends will tell you.

A little town is the only place on earth where people middle aged are called by their first names when they saunter down the street.

A little town is where everybody knows everybody else's car by sight and also where and when it goes.

A little town is where few people can get away with lying about the year they were born. Too many other people can remember it.

A little town is where people with various ailments can air them properly for sympathetic ears.

A little town is where, when you get the wrong number, you can talk for 15 minutes anyhow, if you want to.

A little town is where the ratio of good people to bad people is something like 100 to one. That's nice to remember.

A little town is where it is hard for anybody to walk to work for exercise because it takes too long to stop and explain to people in cars who stop, honk and offer a ride.

A little town is where city folks say there is nothing to do, but those who live there don't have enough nights in the week to make all the meetings and social functions..

A little town is where everyone becomes a "Neighbor" in time of need.

A little town is where you don't have to lock your door every time you leave the house.

A little town is where many teenagers say there's nothing to do and then are surprised to learn that their big-city peers are saying the same thing.

A little town, when all is said and done, is a nice place to live.

REMEMBER WHEN?—While it may be beyond the memory of the younger folks, it has rained in Hamlin before. In fact, three years ago, Aug. 15, 1971, Hamlin suffered a major flood with water backing into several houses on the South side of the city. Rainfall recorded that day was 3.44 inches. Rainfall for 1974 has only been recorded at 7.75 inches. Average rainfall at this time is 14.5. The highest rainfall recorded this year was 1.97 on Apr. 21 when hail preceded showers.

Higher Oil , Gas Prices Increase County Income

Current higher prices for crude oil and natural gas produced in Jones County point to a significant jump in 1974 income for county land and royalty owners who last year received \$1 million as their share of the county's output, according to a study by Texas Mid-Continent Oil & Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price rollback schemes and other tax-and-

control proposals now underway in Congress be successful, current economic gains will evaporate," Hunt said.

The Association's study shows that crude oil and natural gas produced last year in Jones County was valued at \$8.2 million, ranking the county 119th in the state. Crude oil production of 2.1 million barrels was valued at \$8.1 million and 567.6 million cubic feet of natural gas at \$107,851.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$372,097 in oil production taxes and \$8,089 from natural gas.

Also adding to the dollar flow in the county last year were these factors:

—Drilling activities, on which producers spent \$819,308 in drilling 42 wells, \$430,836 of which was lost in 28 dry holes. Successful completions amounted to 14 oil wells.

—Payrolls, which amounted to \$1.4 million paid to 203 workers, according to Texas Employment Commission figures.

The Association's study shows that crude oil and natural gas produced last year in Fisher County was valued at \$36.6 million, ranking the county 50th in the state. Crude oil production of 9 million barrels was valued at \$34.4 million and 11.8 billion cubic feet of natural gas at \$2.2 million.

Also adding to the dollar flow in Fisher county last year were these factors:

—Drilling activities, on which producers spent \$906,092 in drilling 38 wells, \$184,644 of which was lost in 12 dry holes. Successful completions amounted to 26 oil wells.

—Operation of other oil and gas facilities, including two natural gasoline processing plants with 24.9 million cubic feet per day capacity.

McMurry Exes Honor Bonds At Houston

David Bonds, who coached the Hamlin Pied Pipers to the State Quarterfinals last football season, has been named McMurry's Alumni Coach of the Year.

The award was presented at a luncheon in the L-C cafeteria in Houston Tuesday. Bonds is a 1965 graduate of McMurry and is starting his third season as coach of the Pipers. During his two season here his teams have captured the district title both years, going to the Regional playoffs the first year and to the Quarterfinals the second year.

A Civil Liberties Union lawsuit is threatened to delay the September 17 state Democratic convention for two days to avoid a conflict with the Jewish New Year observance, Rosh Hashana.

Livestock Deadline Today—

16th Annual County Fair Set In Anson August 15-17

Today, Thursday, is the deadline for entries in the livestock divisions of the Jones County Fair, according to Jack Anglin, president. The 16th annual exhibition will be held in Anson August 15-17.

Today's deadline applies to all livestock entries except for the horse show. In the horse show on the final day of the fair, entries will be accepted up to opening time on Saturday morning Aug. 17.

The fair directors will meet again Monday before the fair to finalize the arrangements for all phases of the fair, Anglin said.

A dog show has been added to the opening day program of the fair with Jack Wood as superintendent and entries are due in the office of the County Agent Kirby Clayton by today. Clayton is secretary of the fair and he can supply entry blanks and information.

Tentative plans for the Cotton Queen Review and coronation Friday night may change the event from Pioneer Hall to an outdoor site, possibly the rodeo arena, it has been indicated.

Another possible change is being considered for the Home Demonstration Club's booth to include bingo games and other contests.

The Young Farmers will have their usual food and

drink concession stand.

Featured events on the fair program will be the opening grand parade Thursday afternoon, a play night in the arena Thursday night, the

queen coronation Friday night along with the show and women's department exhibits Thursday afternoon and all day Friday and the horse show Saturday.

School to Start Here August 19

Hamlin Public Schools will start classes Monday, Aug. 19.

Students in high school and junior high school will register Aug. 15 and 16.

High school students who have moved into the Hamlin School District and have not pre-enrolled are to report to the high school office any time from 9 a.m. to 3 p.m. during the week of Aug. 6-10 to receive schedule and other information.

Junior high school students who are new to the Hamlin system should bring grade records, a cleared book card, and a complete immunization record to the school when they register.

The registration schedule is as follows: Aug. 15, seniors, 9

a.m. to 10:30 a.m.; eighth grade, 10 a.m.; juniors, 1 to 2:30 p.m.; seventh grade, 1:30 p.m.; Aug. 16, sophomores, 9 to 10:30 a.m.; sixth grade, 10 a.m.; freshmen, 1 to 2:30 p.m.

An increase in price for lunches in junior high and high school will be increased to 70 cents.

Kid's Crusade Starts Monday

The First Assembly of God Church will hold a Kid's Crusade beginning Monday, Aug. 5 and continue through Friday, Aug. 9. Meetings will be held from 9 a.m. till 12 noon. Refreshments will be served each morning.

Teacher for the Crusade will be Maureen Short of Abilene.

Buses will run to provide transportation for all children who wish to come; and will start their rounds at 8:30 each morning. Anyone who would like to ride the bus may call 576-2288.

All children are invited to attend.

Ex-Student Officers Hold Meeting Here

Officers of the Hamlin Ex-Student Association met Monday evening in the home of the president, John D. Ferguson Jr.

Plans were started for the annual Homecoming to be held Oct. 11 and 12. The football game Oct. 11 will be with Winters.

Plans are being made for the usual chili supper on Friday evening (Oct. 11); parade and noon barbecue on Saturday (Oct. 12).

Attending the Monday evening meeting were C. L. Whitc, Mrs. Robert Fowler, Mrs. Richard Mullins, Laura Tucker, Mrs. Jack Vaughan, Mrs. John Ed Day, Mrs. C. R. Reynolds Sr., Mrs. Jack Wicker and Mrs. Ferguson.

Mr. and Mrs. Noble Johnson and Rob of San Diego, Calif., visited Wednesday through Friday with his brother and family, Mr. and Mrs. Vernon Johnson, Mark and Melinda.

LARRY CALVIN
... to lead meeting

Church of Christ Sets Gospel Meeting Here

A gospel meeting at the Hamlin Church of Christ, Southwest Ave. A at West Lake Drive, will begin Sunday and continue through Friday with Larry Calvin of Fort Worth as the preacher of the series.

Sunday services are Bible study for all ages at 9:45 a.m., morning worship at 10:40 and evening service at 6.

Two services will be held daily Monday through Friday beginning at 10 a.m. and 7:30 p.m. each day.

Mr. Calvin is minister of the Church of Christ in Godley. He and his wife, Joan, have two children, Jim 6, and Laurie, 4. He has worked with several congregations in the Fort Worth area and also teaches language arts in the Everman school system.

He has done extensive work among young people in the Fort Worth area.

He received an A.A. degree from Fort Worth Christian College and a B.A. degree in Bible from Abilene Christian College. He completed his master's in communications at ACC last summer. He is preparing a book on the preaching of Horace Busby, a long time evangelist, well-known among the churches of Christ in Texas and throughout the country. Material for the book is taken extensively from the material used in his master's thesis.

Several nights during the week have been designated for congregations in the immediate Hamlin area. Hamlin friends are extended a special invitation for each service, says the local minister, David Giddings.

Thursday evening will be a special service for young people and all Hamlin youth are urged to attend.

Crazy Day Sale Plans Being Made

The Retail Trade Committee of the Hamlin Board of Community Development has announced plans for a huge "Crazy Day Sale" to be held by Hamlin merchants next weekend, according to Mrs. Robert Fowler, committee chairman.

The three-day sale has been set for Thursday, Friday, and Saturday, Aug. 8-10, and will feature crazy prices with bargains galore for back to school needs.

A Kiddie Carnival will be held in conjunction with the Crazy Day promotion. The Green and White Show will be set up on the lot on Southwest Ave. A and Fourth Street Aug. 6-11.

The show will feature eight rides and concessions. Proceeds will go to benefit the Hamlin Child Care Center.

Midwest Sets Meeting In Snyder Today

Midwest Electric Cooperative will hold its annual meeting and barbecue at the Scurry County Coliseum in Snyder. Registration will begin at 6:00 p.m. today, Thursday.

Directors will be elected and prizes will be given.

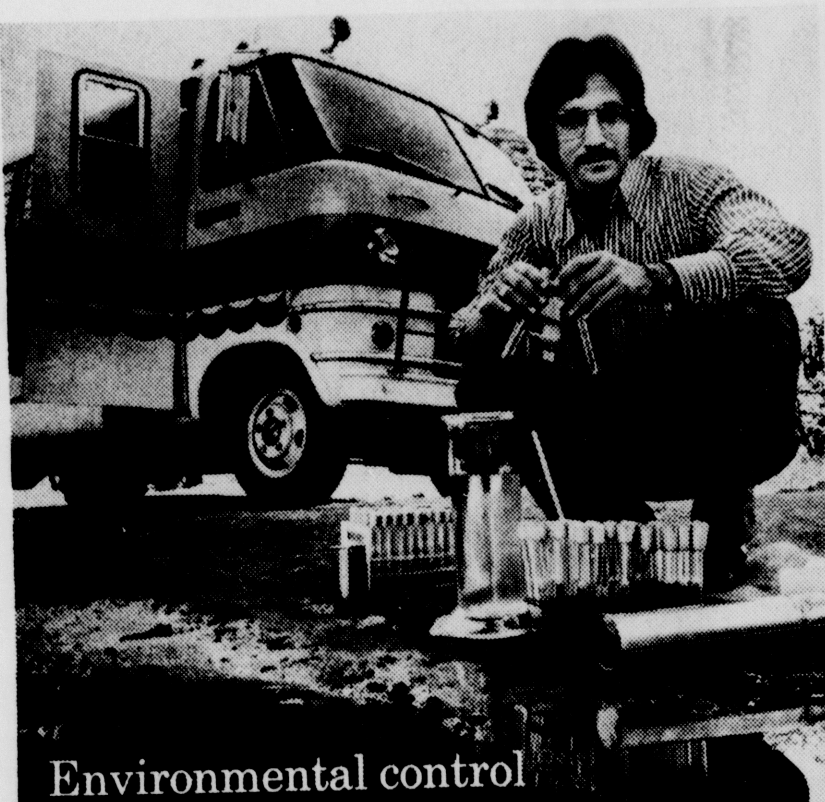

Ray Farabee, Democratic nominee for the state legislature, will be the guest speaker for the event.

Pool to Close Here Aug. 10

The Hamlin Swimming Pool will close Aug. 10, according to Mrs. Ellis West, manager.

The pool is open Monday through Saturday from 1:30 to 6 p.m. and is available evenings by appointment for parties. Mrs. West is to be contacted to reserve the pool.

Have a college grad's career without 4 years of college.

Environmental control

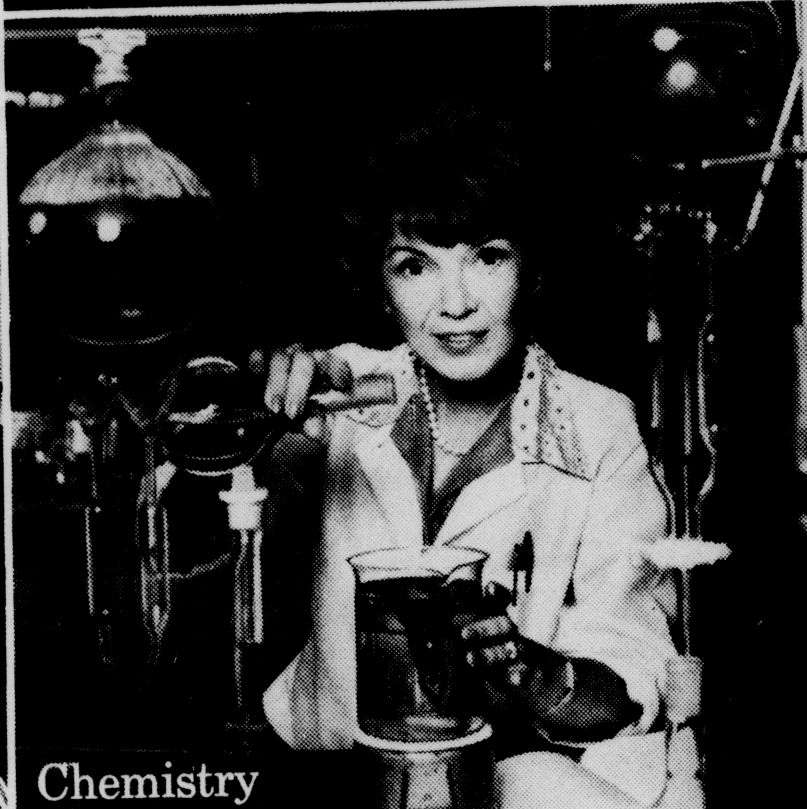

Dental technician

Cheryl Baker Attends National Safety Meeting

Cheryl Baker, a member of the Hamlin High School Student Council, recently returned from the sixteenth National Student Safety Conference which brought together student leaders from the entire nation.

Awards were presented to 17 schools winning the 1973-74 Outstanding Safety School Award for the Texas Student Council District Association. The student representative from each of the winning schools received an expense-paid trip to the national conference held in Oxford, Ohio, at Miami University, July 14-17.

The Texas Youth Safety Program, initiated in 1972 as a joint effort of the Governor's office of traffic safety and the Texas Education Agency, the Texas Association of Student Councils and the Texas Safety Association, is designed to operate through the Texas Association of Student Councils.

TEA furnishes school districts with suggested safety projects and the TSA furnishes activity packages with which to conduct the projects.

"Safety—Serve It Well!" was the theme of the national conference. Among the topics discussed were motorcycle education, driver education, bicycle education and hitchhiking.

Accidents remain as the leading cause of death and injuries among school students and young adults. The program is an attempt to channel the energy and leadership of young people in the reduction of the number of accidental deaths and injuries to themselves and their classmates and to contribute to their own safety and safety of others.

Cheryl, an HHS sophomore, is the daughter of Mr. and Mrs. Eugene Baker.

Members of the Texas delegation wore western straw hats. These were presented to students of the winning Texas schools as

they met in Dallas for the flight to Ohio.

Mrs. Stewart Hosts Ruth Class Meeting

Mrs. W. J. Stewart was hostess for the Ruth Sunday School Class of Central Baptist Church.

Mrs. Troy Money, class teacher, presided. Mrs. G. B. Phillips led the opening prayer. Mrs. Floyd Wallace conducted the Bible Quiz. Mrs. R. L. Nichols gave the devotional on the 63rd Psalm. Mrs. A. N. King gave the closing prayer.

Others attending were Mmes. Ben Wilcox, Henderson Clark, N. A. Putnam, Jess Treadwell and M. L. Haught. Mrs. R. I. Boyd was a visitor.

Mr. and Mrs. Victor Lechuga are parents of a girl, Theresa, 7 lbs. born at 7:14 a.m. July 27.

HAD A PARTY? That's news, call the HERALD.

Henson Reunion Held At Proctor

The family of the late Mr. and Mrs. W. L. Henson met July 19-21 for their annual reunion at Lake Proctor.

Among those attending were Mrs. J. R. Cross of Sylvester and Mr. and Mrs. Ardis Stephens and Tammy of Roby. Others were from Sweetwater, Big Spring, Odessa, Abilene, Pecos, Georgetown, Reagan, Houston, Llano, Brownwood and DeLeon.

SET OCTOBER WEDDING—Gary William McMillan and Carla Dean Adair will be married Oct. 5 at First United Methodist Church. Both are graduates of Hamlin High School. He is employed by Heidenheimer's and she is employed by Farmers and Merchants National Bank.

Carla Adair, Gary McMillan Plan Wedding

Mr. and Mrs. Glenn L. Adair are announcing the engagement and approaching marriage of their daughter, Carla Dean, to Gary William McMillan, son of Mr. and Mrs. Clyde Huff.

The couple will be married Oct. 5 at First United Methodist Church.

The bride-elect is a graduate of Hamlin High School and is employed by Farmers and Merchants National Bank. She plans to enroll in Western Texas College in Snyder for the spring semester.

Her fiancé is a graduate of HHS and attended Texas Tech University in Lubbock. He is employed by Heidenheimer's Dept. Store.

Homemakers Class Hosts Salad Supper

The Homemakers Sunday School Class of First Baptist Church hosted a salad supper for their husbands on the patio at the home of Mr. and Mrs. Leldon Clifton. Mrs. Clifton is the class teacher.

Those attending were Messrs. and Mmes. Clifton, Bob Craig, John Steele, Eugene Baker, Ed Lewis, Clyde Lewis, Joe Ford, C. L. White, Byron Swank, Bob Hawes, Melvin Scott and Lynn Mink.

Service Class Meets Friday

Service Class of First Baptist Church met Friday evening in Fellowship Hall with Tom Routh and Mrs. Edgar Duncan as hostesses.

Others attending were Mmes. Robert Johnson, J. P. Cornelius, Earl Herbst, J. W. Hines, R. E. Brewer, S. C. Ballew, Oscar Jenkins, Fred Allen and Earl Johnson.

Mr. and Mrs. Ernest Hill of Stamford; Mr. and Mrs. Wilson Money and Patricia of Odessa; Vicki and Ricki Money of Lovington, N. M.; Mr. and Mrs. Bennie Sayger and Georgia Deaton, all of Abilene.

Also Mr. and Mrs. Gene Greenway, Destrly and Darren of Snyder; Mr. and Mrs. Mike O'Neill and Nancy Thompson of Academy; Mr. and Mrs. Jack Smith, Danny, Melonie and David of Midland; Mr. and Mrs. Roger Bradshaw, Donna, Jennifer, Ricky Joe Onstott, Mr. and Mrs. Bob Cox, Cynthia and Diana Sue, all of Ft. Worth; Mr. and Mrs. Raymond Alls, Mr. and Mrs. Charles Alls and Precious of Rotan and Mr. and Mrs. John Greenway of McCauley.

Hamlin relatives and friends were Carl Hill, Nora Belle Hill, Mr. and Mrs. Delmer Hill, Mr. and Mrs. Ronnie Hill and Alan, Mr. and Mrs. Troy Money, Wes and Steven Campbell, Brit and Charlie Thompson, Rev. and Mrs. C. G. Grigg and Theron, Lee Money, Mrs. Deborah Harrell, Mrs. J. P. Morrison, Mrs. Cullen Sprayberry, Mr. and Mrs. Port Williams, Cecil Richardson, Mrs. M. L. Haught, Mrs. G. B. Phillips, Jack Talbert and Vicki West.

FROM THE FILES . . .

FIFTY YEARS AGO
(August 1, 1924)

A few days ago Buck Koonce returned from a trip to Fort Smith, Ark., and on Monday of this week, he had a remarkable story concerning the record of his 1919 model Buick. He says that he went 512 miles on 17 gallons of gasoline, and a pint of oil. He drove his "old 5 passenger Buick" from Hamlin to Ft. Smith, carrying seven passengers and the baggage, did mountain climbing and other stunts remarkable.

The OK Wagon Yard, formerly occupied by Virgil Clark, deceased, has been converted into a real up-to-date "Horsepital" and Dr. Jones, the Vet.-Surgeon, is the owner. A large two deck barn has been erected. There is a place for feed. There is a place for well mules and horses and there is a place for sick or crippled animals. Not all improvements are done yet, but are being finished very fast.

What we want NOW is a good rain. A two inch rain falling over all the country for a period of two days would "cool" things off a bit. Many vexing foolish troubles would be forgotten. There is a fine prospect for a big crop and with one more good season it would be assured.

TWENTY YEARS AGO
(July 30, 1954)

Proof that Hamlin is continuing to grow at a steady clip was revealed this week in a survey made by the Herald. Twenty-three new homes have been completed during July or are under construction at this time in the city limits. Several of them are homes costing more than \$10,000.

Still further home construction is in the picture for the remainder of the summer, according to contractors and lumber yard dealers of the city.

City tax valuations as adjusted by an equalization board for the City of Hamlin are being completed this week, and property owners will be notified of new valuations within the next several days, city officials declared.

As has been common knowledge for several years, property valuations for city taxes have been much out of line with comparable cities. Valuations, for example last year were \$2,750,000 for the City of Hamlin. In comparison Anson, with one fourth less population, has had valuations more than a third greater than Hamlin. Stamford, with one-third more population, has had valuations of nearly four times as great as this city's.

The equalization board, composed of John C. Bryant, L. H. McBride and Delma Shelburne, found many pieces of property valued at only about 10 per cent of its value, while in a few instances found some over-valued.

Following the adjustments, a general 25 per cent increase in valuations is contemplated for the 1954 renditions. The increases are made mandatory for operation of the city for another year, city officials declare.

TEN YEARS AGO
(July 30, 1964)

Farmers were standing in the corridors Monday, waiting their turn before the Jones County Equalization Board. They wanted to protest the valuation placed on farm or ranch land owned by them.

The commissioners court is sitting as the appeals board, following a revaluation program, carried out under contract with McMorries and Co. of Amarillo. Hearings on town property owners who appeared before the board was comparatively light; this has not been so with farmers and ranchers.

For the most part, differences appear to be over classification of land for tax purposes. Eight different classes were used, with the value of No. 1 farm land set at \$150 per acre and other classes graded downward.

A DAILY INCIDENT!

Hardly a day passes without the newspapers reporting an automobile accident. Lives are lost and bodies maimed due to careless driving on our streets and highways.

Another daily incident which the newspapers often do not report, and to which others are indifferent, is the ruining of lives and character in the wretched, uneducated, and poverty-ridden parts of the great cities in our land. There are those who despair of ever getting out of their situation and so despondency sets in and a lack of desire to strive for worthy goals enters the spirit.

A loving God would have us aware of these whose lives, self-respect and character could be saved — if we were interested enough.

God often impresses the needs of His children upon those who attend His church. It is His will that we should show forth the love of God for mankind by helping all who are suffering.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Indemnity Approved Now For Brucellosis Reactors

Texas cattlemen will now be able to receive federal indemnity payments from the U.S. Department of Agriculture for brucellosis reactors in their breeding herds when the infected animals are marketed for slaughter.

According to Kirby Clayton, county agent for the Texas Agricultural Extension Service, the indemnity will be paid only on reactors found in official herd tests—not in tests at sales yards.

The decision to make the payments was made at the request of the Texas Animal Health Commission to strengthen efforts to eradicate brucellosis in the state.

All states are now participating in the brucellosis indemnity program, points out Clayton. At present about 99 per cent of the nation's cattle are free of the disease, but the remaining one per cent continue to threaten the livestock industry. A large percentage of the infected herds are in southern and southwestern states, adds Clayton.

The indemnity—\$50 on grade cows and \$100 on registered cows and bulls—will be paid on reactors bled on or after July 1. No indemnity is allowed for grade bulls, steers or spayed heifers.

Reactors will be branded with the letter "B" on the left jaw and will be tagged in the left ear. They must go to slaughter directly after the test.

According to Clayton, indemnity claims will be initiated by state or federal regulatory officials or accredited veterinarians. First indemnity payments may be delayed several months after claims are received, but such delays should be eliminated once the program becomes established.

McKissack To Play In All-Star Game

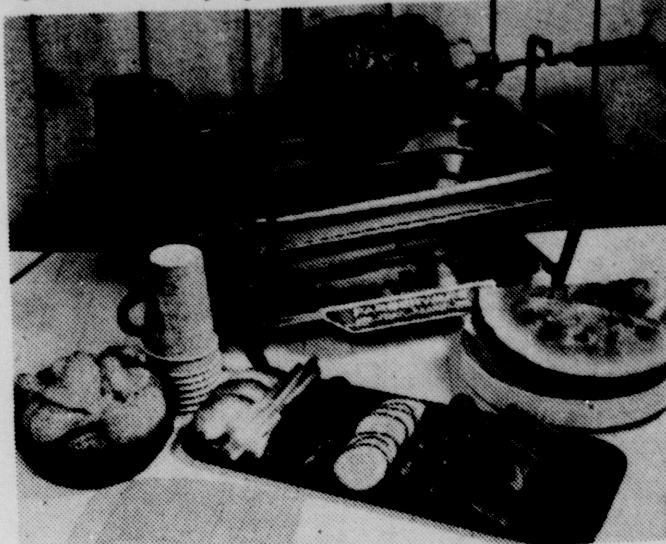

Steve McKissack, a recent Hamlin High School graduate, has been selected as one of the top high school football players from many Texas and Oklahoma towns to converge in Childress the week of Aug. 4-10 to compete in the 25th Annual Greenbelt Bowl Football Game scheduled for 8 p.m. Saturday, Aug. 10, in Fair Park Stadium.

Steve, son of Mr. and Mrs. Bob McKissack of Hamlin, was an offensive tackle and defensive linebacker for the Pied Pipers, Bi-District Champions this past season. He was named to the second team of the All-State selections.

Players will arrive in Childress Monday, Aug. 5, for registration and a week of workouts before the Saturday night battle between the East and West Teams.

Coaches for the West team are Buddy Fornes and Ronnie Giles, of Tarleton State, and coaches for the East team are Dean Slayton and Harold Mayo of Howard Payne College.

Outdoor Enjoyment Is An Inside Story

For easy outdoor eating, the inside story on cooking up a great meal without going through a grilling experience is indoor cooking!

You'll keep your work down to a happy minimum and make sure the meat's natural goodness is sealed in and the fat drained off, when you use an open electric rotisserie. To make sure you'll have little to beef about, some are made to be smokeless and spatter-free, such as the "Open Hearth" models from Farberware.

Available in two sizes, each will broil hamburgers, steaks or chops as well as rotiss anything from chicken to ribs. Another cool feature is the air circulation around the stainless steel body—helps the appliance keep its cool and makes clean-up a snap.

You might find more food for thought in this rotisserie recipe for an Oriental meal American style.

BEEF TERIYAKI

- 1 (3 1/2 lb) rump roast
- 1 medium onion, finely chopped
- 1 clove garlic, crushed
- 1/2 cup soy sauce
- 1/4 cup dry white wine
- 1/4 cup water
- 1 tablespoon sugar

- 1 tablespoon vegetable oil
- 1/4 teaspoon ground ginger
- Water
- 2 teaspoons cornstarch

Place roast in bowl. Mix together onion, garlic, soy sauce, wine, 1/4 cup water, sugar, oil and ginger; pour over roast. Cover bowl securely. Marinate at least 3 hours to overnight in refrigerator, turning occasionally. Drain, reserving marinade. Preheat Farberware "Open Hearth" Broiler/Rotisserie (either size). Balance roast on spit, securing with holding forks. Place spit on spit supports so roast is as close to heating element as possible without touching it; turn ON motor. Roast about 1 hour 20 minutes or to 140°F. on meat thermometer. (Meat is most tender if served rare to medium rare.) To reserved marinade add water to make 1 1/2 cups. Stir in cornstarch until smooth. Heat to boiling and boil 1 minute or until thickened. Serve with thinly sliced roast. Makes 4 to 6 servings.

If you give a warm reception to cooking in the round, you'll be better able to beef up your barbecues without getting all hot and bothered!

Mother Dies In Las Vegas

Mrs. Mabel Edna Shearer of Las Vegas, N. M., mother of Frank Shearer died Saturday in Las Vegas where she had resided since 1924.

Mrs. Shearer, 83, was buried Tuesday. She was preceded in death by her husband, Charles V. Shearer, in 1969.

Survivors include six daughters and two sons. Mr. and Mrs. Shearer, owners of Frank's TV, left after receiving word of his mother's death.

A School Land Board oil and gas lease sale is set for October 1.

Services Held In Jayton for Clyde Jackson

Clyde Jackson, 65, of Jayton, shop foreman for Hall-Wild Chevrolet in Jayton, died at 9 p.m. Thursday in Fisher County Hospital in Rotan where he was rushed after suffering a heart attack at the Jayton Fire Station.

Mr. Jackson had been Fire

Chief at Jayton since 1948. He had lived in Jayton since 1941. He was a member of the Methodist Church.

Services were held at 4 p.m. Saturday in the Jayton First Baptist Church. The pastor, the Rev. Truett Kuenstler and the Rev. Bill Parks, pastor of the United Methodist Church, officiated. Burial was in Jayton Cemetery.

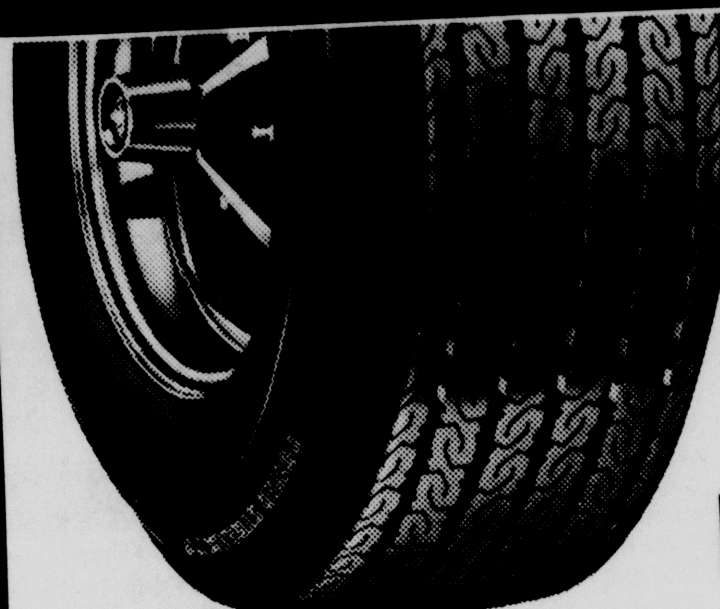

Survivors include his wife, the former Eda Irene Magill; two sons, Delton of Hamlin

and Edwin of Snyder; a sister, Mrs. Cliff Lone of Jayton; and five grandchildren.

of the Concho and San Saba rivers, the Commission also ordered all irrigators in that section to stop irrigating until further notice. The section borders Concho, Coleman, McCulloch, Brown, Mills and San Saba counties. Steps followed a hearing on complaints by domestic and livestock water users on the Concho and that portion of the Colorado.

Not satisfied with salary raises delayed until next year, state employees said they still want a special legislative session to get inflation relief now.

NEWS FROM McCAULLEY

By MRS. FRED KEMP

Mr. and Mrs. Frank Kemp and James, Glen Pippin and Ronnie Williams attended the Avants Reunion at Christoval this weekend. They report a very good outing with about 90 relatives and friends. Mrs. Beatrice Kemp went as far as San Angelo where she stopped to visit Mrs. Sidney Harwood, a niece.

Albert Hennington is improving since surgery last week in Abilene. The Henningtons had their reunion at a motel in Abilene this past Sunday so that Albert could attend.

Mr. and Mrs. James Smart and son Kenny and Tracey Dowell visited Mr. and Mrs. Larry Smart and Jamie of Lometa last week. Tiny Ann Smart kept things in order at home while they were away.

Carla Young has just returned from a visit to Houston. She was brought home by Martha Alexander and daughters Suzanne and Gretchen who spent several days visiting the Bill Youngs. Gretchen and Suzanne are having trouble getting used to living in such a large city after growing up around Breckenridge and McCaulley.

Mr. and Mrs. Charles Ferguson have grandchildren, Barry and Marty Ferguson of Spur visiting. I am sure Charles will give them a few tips on farming and keeping house while Gloria Lee works.

Mrs. Levi McCollum kept the Cunningham Insurance Agency in Hamlin in operation while the Cunninghams were away last week. She and the Pickens family will make their

vacation trip to Florida next Monday. Larissa Ann Pickens, Mrs. McCollum's granddaughter of Seymour, is visiting here this week.

Alton Hawthorne and Jonell Coleman are helping get the school buildings in order for the fall session. I suppose David Riggs and Aletta Hawthorne just had more than they could get done. They have been working all summer painting and renovating the rooms.

Mr. and Mrs. Bill Guinn have more grandchildren visiting this week. The Douglas boys—Dusty, Derrel and Dee John—sons of Dorothy and Don Douglas of Big Spring are here. Also Guinn Burks of Crane and Keith Guinn of Clovis, N. M. Mr. and Mrs. Eddie Earl Smith, Jeff and Jennifer of Huntsville were weekend guests in the home of Mr. and Mrs. Armond Smith. Jeff is spending this week with his grandparents. Also guests in the Smith home Saturday night were Mr. and Mrs. Elton Allison of San Angelo. They also visited Sunday with Mrs. Allison's mother, Mrs. J. F. Maberry who makes her home with the Albert Maberrys.

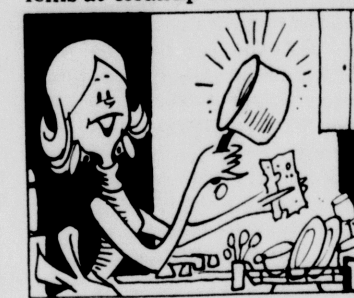

Jim Ben Holcomb and his wife Ann Holcomb and daughter Angela of Gladewater visited Mr. and Mrs. Fred Kemp Sunday. They had been to Taos, N. M. where Angela had been in camp this summer. They reported many farms were not planted and others with sparse crops due to drought.

Mrs. Iva Fancher has her great-granddaughter, Janice Spence, of Smyer here for a visit this summer.

Texize Chemicals Co.

GREASE FACTS
Research shows us that most homemakers consider grease their number one cleaning problem. We've broken down the mystery of this sticky, slippery stuff and here are some facts on how to deal with it:

Natural grease-like cooking oils and food fats—collects mostly in the kitchen, on counters, range tops and hoods, cookware and plasticware. Petroleum-based grease, used in lubricants, is found on machinery and other assorted tools. Both are necessary, yet become sticky problems at cleanup time.

Just as there are two types of grease—natural and petroleum—there are two types of

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

surfaces it's attracted to—hard and soft. Whatever the source or surface, it's a headache to get rid of! To lift grease, squirt new, full-strength Grease relief on a wet sponge and wipe clean. Apply it directly to pots and pans before washing and add it to regular wash water to boost the cleaning action on dishes and hard-to-clean plasticware. Grease spots on soft items, such as shirt collars and cuffs, kitchen towels and potholders, come clean, too, with a squirt of Grease relief just before washing, then toss them in with the rest of the laundry.

Health & Beauty Briefs

Another reason for keeping weight down is offered by a publication for physicians. "Obesity causes many painful problems," the article notes. Among them are athlete's foot, corns, calluses, and arch problems.

Hair dye to cover the gray should not be used more often than once every three weeks, unless care is taken to dye only new growth. Temporary rinses, shampoos, or color sticks help conceal new growth of gray hair between dyeings.

In a chapter on skin care for men, a dermatologist

writing on skin and hair suggests that males apply a moisturizing cream at night and after being out in the sun.

A physician reporting at a symposium on obesity suggested that if a patient is asked to eat more slowly, take smaller bites, and learn how to enjoy his food more by savoring it, he may cut down on his food intake.

Day-to-Day, it's the best savings account in town.

Abilene Savings highlights its Day-to-Day insured savings.

Immediately available

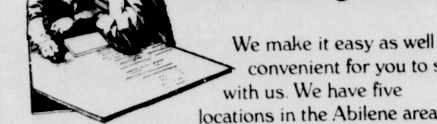

In our Day-to-Day account your savings are immediately available. You can deposit any day and withdraw any day without penalty, delay, or loss of interest. In our Day-to-Day account you always have money available for the expected or the unexpected need, while your savings are earning more money for you each day. (True, we offer some what higher interest rates on insured term accounts but these require deposits to remain for fixed periods of time as compared with the immediate availability of our Day-to-Day account.)

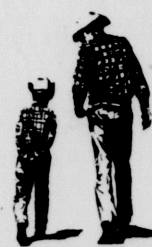

Always earning you money

Every day that your savings are in our Day-to-Day account you are earning interest, compounded daily from the very first day of deposit to the last day of withdrawal. And in our Day-to-Day account we pay you the highest interest allowed on this type of insured savings.

We work with you

We make it easy as well as convenient for you to save with us. We have five locations in the Abilene area. One is sure to be near you. We can also arrange for your savings deposits and withdrawals to be handled by mail or phone. Call our savings counselors at any of our offices to assist you in setting up the best savings plan for your needs.

A RECIPE TO RELISH

When it's time to put up tomatoes, consider turning some of the crop into Tomato Relish. The recipe here calls for light corn syrup which gives the right amount of sweetening without watering the mixture.

TOMATO RELISH

- 3 pounds ripe tomatoes
- 3 medium onions, chopped
- 1 large green pepper, chopped
- 1 cup Karo light corn syrup
- 1 tablespoon salt
- 2 cups cider vinegar
- 1 tablespoon mustard seed
- 1 1/2 teaspoons whole cloves
- 1 1/2 teaspoons celery seed
- 2 (3-inch) sticks cinnamon

Dip tomatoes in boiling water just until skins are softened, about 1 minute. Remove skins and stem ends; coarsely chop. Place tomatoes, onion, green pepper, corn syrup, salt and vinegar in 4-quart saucepan or kettle. Tie mustard seed, cloves, celery seed and cinnamon in cheese cloth; add to vegetable mixture. Bring to boil over medium heat; reduce heat and boil gently, stirring occasionally, about 2 hours or until mixture thickens. Remove spice bag. Leaving 1/4-inch head space, ladle into clean hot 1/2 pint jars with 2-piece metal caps. Seal following jar manufacturer's directions. Process in boiling water bath 10 minutes. Cool on wire rack or folded cloth. Label and store in cool dry place. Makes about 5 (1/2 pint) jars.

A COOLING TREAT

On hot summer days you'll want to keep your cool—especially if you're a weight-conscious person with a desire for a quick and easy to prepare frozen dessert.

Here is a choice of three new Weight Watchers recipes featuring the new Weight Watchers Frozen Dessert in new Family Pleasing Flavors. The Tri-color Parfait, pictured above, provides a colorful topping-off to any luncheon or dinner, particularly for strawberry lovers. The Mint Frappe requires blending of only three ingredients. The Peppermint Sundae looks as cool as it tastes.

TRI-COLOR PARFAIT

- 1/2 cup strawberries
- Artificial sweetener to taste, if desired
- 1 3-ounce net weight serving Weight Watchers Frozen Dessert
- 1/2 cup blueberries

Slice strawberries and place in sweetener, if desired, in parfait glass; add Frozen Dessert. Pack firmly and top with blueberries. Makes 1 serving.

MINT FRAPPE

- 1 3-ounce net weight serving Weight Watchers Frozen Dessert
- 2 teaspoons Mint Extract
- 1/2 cup Skim Milk

Blend Frozen Dessert and extract. Gradually add milk until smooth. Great after dinner drink. Makes 1 serving.

PEPPERMINT SUNDAE

- 1 3-ounce net weight serving Weight Watchers Frozen Dessert
- 1 drop red or green food coloring
- 1/4 teaspoon Peppermint Extract
- 1/2 teaspoon water

Mix extract, water and food coloring together then pour over Frozen Dessert. Makes 1 serving.

Bridge Winners

First place winners in the Tuesday Evening Duplicate Bridge Club competition were Mrs. H. E. Neas of Abilene and Mrs. G. W. Comegys.

Tying for second and third place were Mrs. Jewel Butler

and Mrs. E. Lillius, and Helen Virdine and Pate Willingham, all of Abilene. Fourth place went to Mrs. Ray Sonnenburg and Preston Morrow of Rotan.

SAFETY SHOE HEADQUARTERS

You're looking at a pair of the most long-lastingly comfortable work boots ever built. And the most popular. Sizes 5 through 15. A to double E. Come see. You may wear 'em out eventually—but you'll have to work at it.

RED WING

HEIDENHEIMER'S

PLAN A PAPER ANNIVERSARY PARTY

Whether you're celebrating your first anniversary (the year for paper presents) or your fiftieth (the golden one) it's always preferable to have a party that's easy to prepare and as pleasant for the hostess (particularly if she's a new bride) as it is for the guests.

If you were one of the many warm weather brides you may want to put it all outdoors, so plan to serve food that will easily fit into such surroundings, and decorate with crepe paper and pretty Japanese lanterns. Serve in sturdy, moisture-resistant paper plates, from Chinat.

One delightful dish that can be made in advance, frozen for the future, and served either hot or at room temperature is this quick, chic, Quiche Lorraine-like pie.

Sausage-Cheese Pie

- 1/2 pound pork sausages, cut in 1/4 inch slices
- 1-8 inch pie shell (you can buy it ready-made)
- 3 eggs, lightly beaten
- 1/2 cup milk
- 2 tablespoons bourbon
- 1 tablespoon lemon juice
- 1/2 teaspoon salt
- 1/8 teaspoon pepper

Preheat oven to 375 degrees F. Cook sausage slices until browned. Drain well and spread over bottom of

pie shell. Add grated cheese. Beat eggs with remaining ingredients and put into pie shell. Bake 40-50 minutes until knife inserted in center of pie comes out clean.

Makes six main dishes or 12 hors d'oeuvre servings. If you're serving at room temperature, remove the pie from the refrigerator about an hour before you serve it. If you want to serve it hot, place frozen pie in preheated 500 degree F. oven and bake it for 35-40 minutes.

As an accompaniment here's a big hit of a punch idea that's so simple, the most delicate American Beauty can create it easily.

"American Beauty" Punch

- 3 fresh roses
- 1 cup lime juice
- 1/4 cup superfine sugar, or to taste

- 1 bottle (4/5ths of a quart) gin or vodka, chilled
- 2 large bottles tonic water, chilled

Cut all but one inch of stem off roses. Arrange in a moisture-resistant Chiné bowl that's about five inches in diameter and at least two inches deep. Gently pour in enough water to cover stems. Freeze, so the roses are held in place. Add water to cover roses and freeze. At serving time, stir lime juice and sugar together in a punch bowl until the sugar dissolves. Add the gin or vodka and stir. Tear the Chiné bowl off the roses mold (there's no unmolding to worry about) and put the frozen roses into the punch bowl. Add tonic water. Stir lightly. Serve over ice. Makes 18 servings.

Neinda Philosopher Figures Out How to Become A Successful Writer

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks he has detected another trend, his letter this week indicates.

Dear editor:

I don't know if you've noticed it but a pattern seems to be forming by lawyers associated with the Washington mess when they get caught, convicted and disbarred.

They all take up writing. It's a fact, Agnew,

McGruder, Colson, Dean, and numerous others, having lost their law licenses, have now taken up writing and you get the impression that a first requirement for pursuing this literary profession is disbarment. First you get a law license, then you get a government job, get convicted of perjury, then get disbarred, and you're all set, with publishers standing by offering you a contract. For beginning writers however I'd like to point out there are certain details you have to respect and pitfalls to avoid if

you want to become a full-fledged writer.

For example, take the third step mentioned above, perjury. You can't lose your license and get disbarred just for lying. You've got to get caught lying. Becoming a writer is not as easy as falling off a log, you know. Furthermore, you can't be just anything and get caught lying and become a writer. Congressmen have proved that over and over. Editors of some of the biggest newspapers in the country have tried it for years and

they've never become writers. Avoid such pitfalls.

My advice to young people wanting to become writers and have their books published is to forget them English courses, get into law school, pass the bar exam even if you have to hire somebody to do it for you, and head for Washington. Better hurry, though. At the rate the convictions and the books are piling up the fad may die out and another book by another Washington fellow will be a glut on the market and you might have to just stay in jail reading Pilgrim's Progress.

Yours faithfully,
J. A.

Visitors in the homes of Mrs. LaFoy Patterson and Mr. and Mrs. Sam Mack Hodges over the weekend were Rev. and Mrs. Mike

Sedham and Meredith of Liberty, Ky., Mrs. Ray Davis and Mrs. Lincoln Cleveland of Greenville, Mr. and Mrs. Larry Mueller and Jennifer of Stamford and Mrs. Elvis Elrod of Rotan.

Homemaking Teachers At Conference

Hamlin High School's Homemaking teachers, Mrs. Pat Willoughby and Mrs. Joe Wayne Carter are in Dallas this week attending the State Inservice Conference sponsored by the Texas Education Agency.

Registration began Monday at the Statler-Hilton Hotel with the first general session beginning at 8:30 a.m.

Tuesday.

A newsletter from the Vocational Homemaking Teachers Association of Texas stated, "Mrs. Elizabeth Smith, Director of Homemaking Education, and her staff have planned a really 'now' conference with an entirely new approach. The conference will take a microscopic view of students and others worked with in our multi-cultural society. Specialists from all over the country will serve as discussion leaders."

The conference will close after area meetings Friday morning.

Mrs. Jean Backman, Homemaking teacher from Spur, accompanied the Hamlin teachers.

Classified deadline is 8:30 a.m. Wednesday.
